## **PRESIDENT'S MESSAGE**

Our National Headquarters Building is a grand structure with a unique design and is a monument of great love and respect for our pioneer ancestors. The building houses a great library, which is a home and safe refuge for thousands of pioneer histories and diaries. This material is precious to families, friends and researchers of pioneer history.

The building is ultra-spacious and is ideal for meetings, family gatherings, receptions, dances and symposiums. It belongs to each and every member of SUP. I wonder, sometimes, how many of our members have never visited it, if only just to see it, or to be a participant in our various functions. I hope that someday soon, each of you will come and spend some time to become acquainted with it. Browsing through the library can open you to a fascinating search for the history of some of your ancestors.

Perhaps you have ancestors whose names are engraved on one of the large plaques for memorialization. Paintings of many historical pioneer scenes cover the walls. There are two floors with large meeting rooms and banquet space, in combination with a huge dance floor as part of the space downstairs.

Constructed in 1980, the building has served SUP very well, and is used by many different groups for a variety of events. As the years have slipped by it has developed some maintenance needs to be upgraded and repaired.

Most of the chapter and new organization leadership are already aware of that to which I refer. At our National Board Meeting on 20 March we were given approval to move ahead with a planned fund raising campaign to obtain the resources to take care of the maintenance and repairs. As a result, every member of SUP is being sent, by U.S. Mail, a letter describing the "Legacy Building Fund Campaign." The envelope contains an explanatory letter, plus a return envelope and donation slip to use in sending your voluntary charitable donation.

We all hope you will participate with us in this building fund campaign. It is crucial at this time to take care of the needs described in the letter. Each of us in the Executive Council take very seriously the responsibility of taking care of our building and of completing the repairs and modifications planned. We invite you to please participate with us in this very important and necessary fund drive.

Upon receipt of your donation you will be sent a receipt, with notification that it is a deductible charitable donation.

Thank you for your help to preserve and maintain our legacy heritage. Bless you for your generosity and support.

With sincere gratitude,

Richard Christiansen, 2012 National SUP President, [Ricmar29@msn.com](mailto:Ricmar29@msn.com)

## CHAPTER NEWS

Compiled By Bob Folkman

Please send chapter newsletters and other chapter news, awards, information, pictures and upcoming events to Bob Folkman at [bfolkman@hotmail.com](mailto:bfolkman@hotmail.com), or 1485 N 675 W, Brigham City, UT 84302, as soon as they happen. Our deadline is ONE WEEK before the end of each month.

**BRIGHAM YOUNG CHAPTER** (Provo, Utah) – At our February dinner meeting **David and Chelom Leavitt** told us of their experiences in bringing the system of “rule of law” to the **Ukraine**. They volunteered with the American Bar association, and in November 2004 arrived in Kiev with their children and luggage. This was shortly before the presidential election which **Viktor Yushchenko** won. The Leavitts found that 95 percent of the judges took bribes as did other elected and appointed officials. Through the support of President Yushchenko, they succeeded in establishing classes in university law schools to teach ethics and rule of law.

The church opened the Kiev Temple in 2010. After President Yushchenko was defeated for re-election, he came to the United States and visited the Leavitts and others, including a number of general authorities. The system has not changed,

but in 2012 they had more than 1,000 students in these classes at 18 universities. This year the American Bar Association will send 60 lawyers to the Ukraine and other countries. The Leavitts and others hope that the younger generation will change the system to rule of law rather than keeping the current corrupt legal system.

**COTTON MISSION CHAPTER** (St. George, Utah) – On February 14, the Chapter met to hear **Carl Madsen** (below), former director of both

the **Martin's Cove Historic Site** and the **Cove Fort Visitor's Center**.

Those in attendance were thoroughly inspired, enlightened and entertained by the speaker. The Martin's

Cove Historic site is located on the Sun Ranch, which was over one million acres, and comprised several ranches the Sun family had acquired over many years. Martin's Cove is on what had been called **the Hub and Spoke Ranch**, which the family had not allowed to be farmed or used for hunting or fishing. This was a very special place and they knew it. President Hinckley said that he knew of "no more hallowed ground anywhere."

The Church acquired the Martin's Cove area from the Sun Ranch in the 1990s, and spent several months preparing a visitor's center and readying the site for visitors. Carl Madsen had moved his construction company to Casper, Wyoming, when in 1976-1977 he began a study of the journals and diaries of the Utah Pioneers. Carl was called to direct the activities and events at the site, and served there for seven years. He related stories of the rescue of the pioneers and the continued influence for good that comes to those who have visited and participated in the activities that continue there.

Following his service at Martin's Cove, and after one day's rest, Carl Madsen was asked to direct

the Cove Fort Visitor's. He related stories of the building and preservation of that site and that there are from 85,000 – 90,000 visitors to the site yearly.

Music was provided for the evening by the "**Color Country Chorus**" barbershop quartet (above).

**HOLLADAY CHAPTER** (Holladay, Utah) – Chapter members **John and Shauna Hart** (below) presented the program, with their

granddaughter **Taylor Olson** singing and playing the guitar. The Harts discussed their unique mission service.

"A great deal of our mission was involved in assisting an independent adventure called "Sea Trek 2001." Sea Trek 2001 was a major European event commemorating the 150<sup>th</sup> anniversary of Mormon migration to America via sailing ships. The slogan was "*Before the Trail there was the Sail*". Passengers, including most of the

Europe West Area Presidency, signed up to take 'legs' of the journey. The ships began the re-enactment in Copenhagen and after a couple of other stops, arrived in our area of Great Britain, namely Scotland, Hull, Liverpool, and Portsmouth. After tremendous events in each port, the tall ships set sail from Portsmouth for New York City.

"Thru a tremendous '*coincidence*', we met the organizers prior to leaving for Europe and our mission. Once on our mission we were requested to look at where 12 tall ships would dock in Great Britain, determine suitability, meet with key contacts in four major cities - inform them and excite them, set up appointments with city officials and local Church leaders. The Church, although not supporting Sea Trek 2001 financially or with any responsibility for it, recognized the event and agreed to have local members participate, organize, and publicize it. After we had the Church's sanction through Elder Holland, we were appointed Country Coordinators and were with the organizers during all the visits to the 4 ports in Scotland and England, assuring the Church's best interests and helping to publicize Sea Trek."

Passage was booked on any of the legs' of the ships' voyages. LDS lecturers, serving as captains, were on board teaching as they sailed. Most 'sailors' were descendants of the noble pioneers that left those European shores to sail to America. They were deeply touched by the experience. A typical comment was, "I am doing this because my ancestors sailed from Liverpool to America 1849. I am following their trail."

A life-size statue of immigrants looking toward the horizon was placed in several of the ports, with dignitaries and publicity, and a lasting message of the LDS' sacrifice to obtain religious freedom.

Sailing on Tall Ship: Our mission ended shortly after the final four tall ships sailed from Portsmouth to the US, and I had the opportunity to sail from Bermuda into New York harbor, just days after 9/11.

**Sister Hart** set the stage for the events at each of the ports of call. The tall ships arrived, all sailing in together to the port, in case of Hull down the Number River - beautiful and unusual sight, attracted many people. That evening the statue was placed in a prominent place and dinner was hosted for VIP's about 100 invited guests.

The next day multiple free activities took place on the docks and nearby locations. Live music and performers on stage included the Clive Romney band, T-Minus Friday. Local performers also entertained, including bagpipers.

Each evening "*Saints on the Sea*," a musical production written especially for Sea Trek by Kurt Bestor and Cori Connors, was performed by the Liverpool Philharmonic Orchestra and choir with LDS vocalists Darrell and Jennifer Babidge (NY actors and peerformers), and Jenny Frogley and George Dyer portraying Saints sailing to Zion.

**Taylor Olson** (left), a granddaughter of the Hart's played the guitar and sang *Good Winds*, the last song in the Saints on the Sea program.

The Harts were subsequently called to help host media and other VIPs at the Salt Lake Winter Olympics in 2002. The Church, under the motto of "Friends to all Nations," set up a welcome room in the Joseph Smith Memorial Building where guests could ask questions and receive extra attention if desired.

**MEDALLIONS** The only medallions left for sale are the 2010 PONY EXPRESS (limited assortment) & 2011 TELEGRAPH.

**MAPLE MOUNTAIN CHAPTER** (Mapleton, Utah) – The Maple Mountain Chapter’s meeting held on March 22<sup>nd</sup> was a wonderful event with another delicious meal, an interesting vignette by **Anna Murdock** about her grandfather, and a talk by **Gunther Fred Streuling**. Fred spoke about the emergence of Hitler in Germany and the propaganda which told them things that were simply lies. Fred spoke of growing up in Nazi Germany and the fear he experienced as bombings took place near his home.

As a young child he learned to identify the types of airplanes overhead by the sound of their engines. He and his mother did not know of the atrocities that were going on. There was rationing of everything including clothes and food. He did join the Hitler Youth Movement at nine years old, which turned out to be indoctrination for being a soldier. Toward the end of the war they escaped from their own town north of Berlin to an island near Denmark so that if they were captured it would be by Americans, English or Canadians rather than Russians. After the war they were able to move to the United States. Fred joined the US Army and was interestingly stationed in Germany as a part of the occupying force. Fred’s talk was a fascinating inside look at war from the other side’s viewpoint. 48 people attended this evening.

**PORTER ROCKWELL CHAPTER** (Riverton, Utah) – January meeting: We had cast members from the movie **17 Miracles** speak to us. They gave wonderful stories about the production and about the characters they portrayed. The touching stories collected in this well-designed movie about the Willie and Martin handcart companies and their rescuers are inspiring.

Hearing from these young actors was a very special evening. Several chapter members

gathered a few days before our meeting to view the movie together. Our cast guests (below) included **Travis Eberhard, Jason Celaya,**

**Savannah Lewis and Chandra Larsen Allen.** Ms. Allen may be contacted at 801-451-7099.

February meeting: We had a most enjoyable presentation by **Tricia Henriksen Stoker** (below, center, with Past President Jim Backman on left and Chapter President Jim West on right). Tricia was a research assistant for author **Heidi**

**Swinton** for the book *To the Rescue* (the biography of President Thomas S. Monson). Tricia told stories about the Saints from East Germany from the time that missionaries were removed from Germany in the Hitler years up to the dedication of the temple in Freiberg, in 1985. The central chapters of *To the Rescue* recount **President Monson’s** amazing ministry to these East German Saints. Tricia’s stories filled in the background about these faithful Saints especially during the horrible years of World War II and the

years before President Monson began his regular visits there in 1967. These are inspiring stories that very few of our chapter members had ever heard.

#### **SALT LAKE CHAPTER** (Salt lake City, Utah)

– The March meeting attendees were treated to an authoritative peek into the history of the Deseret alphabet.

The speaker was **Ron Watt** (right), an author, historian, researcher and teacher whose ancestor **George D. Watt** was intimately involved with the Deseret alphabet from its birth to its retirement. The purpose of this

alphabet project, initiated by Brigham Young, was to adapt a suitable shorthand style to create an English lexicon that would address the needs of the multiple foreign-speaking members of the LDS Church from many different nations and tongues into one voice. Bro. and Sis. Watt will begin serving a mission to Lithuania in June.

**SEVIER VALLEY CHAPTER** (Richfield, Utah) – The February dinner meeting at Snow College was held on February 16. The program

was given by **Dave Okerland** (left).

Dave discussed the **Battle of Red Lakes**, which was part of the Blackhawk War. Dave explained what happened in that battle, which took place in an area near his boyhood home in Wayne County. This incident in Utah history had

been an interest for Dave for a long time. He

showed pictures of the area and some bullet shells found near a rock at the site.

#### **SNOW HORSE CHAPTER** (Layton, Utah) –

On March 6, the chapter heard from **Craig Fuller**, Associate Editor of the Utah State Historical Society Magazine. He spoke about the Winters Quarter Coal Mine Disaster, where nearly 200 miners were killed in Scofield, Utah, on May 1, 1900, the fifth largest mining disaster in U.S. history. The chapter had 58 People in attendance.

## SUP 2012 HOLE-IN-THE-ROCK ADVENTURE TREK

(This trek is planned with the cooperation of the Hole-in-the-Rock Foundation.)

- Day 1 We will meet the bus at the National Headquarters Building in Salt Lake City, where we may  
Mon. leave vehicles if desired. We will make a stop at historical **Cove Fort**, then travel to Parowan  
May 14 and visit the **Parowan Meeting House/Museum**. We will also be treated to a **dutch oven dinner** there. Overnight in Cedar City.
- Day 2 Our first stop this morning will be a visit to the **Iron Mission Museum**, then we will drive  
Tue. through northern Arizona and southern Utah on our way to Page, AZ. On the way we will  
May 15 stop at **Pipe Spring National Monument**. As we travel we will learn more of the history of this area, and of the Hole-In-The-Rock expedition so we can be prepared for our visit there. **After arriving in Page you will have the option of making an excursion into one of the fascinating slot canyons, (extra cost - @\$30) or you may choose to go to the visitor center at Glen Canyon Dam and make the short hike to the spectacular overlook at Horseshoe Bend.** (If the weather and roads allow, we will have another option. That is to skip the museum and slot canyons and make a trip the the North Rim of the Grand Canyon on our way to Page.) Overnight in Page.
- Day 3 An early morning **flight** in smaller planes, where everyone will have a window seat, will  
Wed. take us over the Lake Powell area to **Rainbow Bridge** and the **Hole-in-the-Rock**. We should  
May 16 be able to see not only these two impressive sites, but also much of the trail leading to and from the Hole-in-the-Rock so we have a good perspective of the country these hardy pioneers traversed in filling their mission to the San Juan. After returning to Page, and getting some lunch, we will have a relaxing afternoon taking a **float trip** (smooth water!) from just below the dam to Lee's Ferry. This will take us through breathtaking scenery. We will return to Page for the night.
- Day 4 This will be a another enjoyable day, as we drive from Page to Bluff, Utah, looping down  
Thur. through some of the Navajo Reservation. On the way we will visit **Monument Valley**, where  
May 17 we will visit a historical museum and enjoy a Navajo Taco **lunch**. We will also see and learn about some of the historical landmarks and history of Monument Valley. We will then drive through Bluff and on to **Salvation Knoll**, which was significant in the Hole-in-the-Rock experience. Those who desire to may climb the bluff and see what some of those early pioneers saw as they searched for the goal they were seeking. We will also enjoy another **Dutch Oven Dinner** while in the area. We will then return to Bluff, and spend two nights there.
- Day 5 Our group will be divided today, with half the group visiting **San Juan Hill** and **River House**  
Fri. **Ruin**, while the other half tours the **Bluff Fort**, historic homes, and the cemetery. In the  
May 18 afternoon the groups will switch. **Those visiting San Juan Hill, etc. will be riding in SUV's and on ATV's. (Four Wheelers.) We will need to have at least three couples in each group who feel comfortable driving and riding a four-wheeler!** In the evening we will be treated to a **group meal** and fireside in the Bluff log meetinghouse, then return to our motel for the night.

Day 6 Our trip home will take us through Moab, Green River, and Price as we make our way back to Salt Lake City, and on to our own individual destinations. We will have a new understanding and deeper appreciation of the price paid by these early pioneers to settle this part of Utah, as they filled their mission calls.

**Cost** (Based on two people per room.) **These are 2011 costs. 2012 cost may vary some, but should not be very far from this price. We will not be able to determine final costs until we get information later in the year.**

If 40 go = \$910 per person.

**If you choose to not go on the flight  
\$250 will be deducted from your cost.**

If 50 go = \$870 per person.

Cost includes motor coach, including tip for the driver, motel rooms, breakfast at each motel (excepting Bluff), sightseeing flight, float trip, outfitter fees, and any entrance fees. It also includes two dutch oven dinners, lunch at Monument Valley, and breakfast, lunch, and dinner on Friday at Fort Bluff. The only other costs for the tour will be the balance of meals, the slot canyon excursion, if you choose that option, and any personal items you wish to purchase.

# OLD SPANISH TRAIL ASSOCIATION

Conference - June 14- 17, 2012 | Richfield, UT.

## Conference Overview

Everyone is invited! Come learn about and explore the most arduous and famous pack mule route in western history. The Old Spanish National Historic Trail crosses the beautiful but dangerous terrain of the American Southwest through six states including Utah.

## “Faith in Every Footstep” Grave Markers

In 1997, a Church committee created a marker to be attached to the graves of Pioneers who arrived in the valley prior to the coming of the railroad. These were sold to anyone who wanted to attach one to the grave of his or her ancestor, in commemoration of the sesquicentennial of the arrival of the Pioneers in 1847.

For some time the markers have not been available, and we (the SUP) have had frequent requests as to how to get them. The National office of the SUP has made arrangements to have a number of them manufactured and are making them available to members or others who wish to honor their ancestors by attaching one to his or her grave marker.

The markers are 2 ½ inches by 3 ½ inches of very durable metal. Those who attached them in 1997 say they have not deteriorated from weather.

The prices are as follows and includes the means of attaching them to a grave marker:

In quantities of 1 to 5, the cost is \$15.00 each, plus shipping (if needed). 6 or more would be \$12.00 each, plus shipping
