## PRESIDENT'S MESSAGE

The month of May was busy with the Annual Headquarters Clean-up held on Saturday morning, May 5th. Thank you to those who participated in this much needed service project.

The National Historical Symposium was held in Salt Lake at the Canyon Rim Stake Center on Saturday, May 12th. We experienced a wonderful afternoon and evening being enlightened on the early struggles of the Church in Utah and the West. The seasoned presenters included Jerry Houck speaking on

Succession of Church Leadership from the Prophet Joseph forward; R. Devan Jensen and Kenneth Alford on the Utah War. They shared insights into President James Buchanan, Brigham Young, and Johnston's army and their effect on the early church; Catherine Blake, an assistant to William G. Hartley gave his presentation on the challenges in the development of transportation in Utah and the west. Catherine also paid a tribute to the late William G. Hartley who had recently passed away. Alma Allred spoke about the political challenge and threat to the early church explaining the early direction taken by the church in response.

The day was capped off with dinner and keynote speakers President Jack Wixom of the Salt Lake Temple and Temple Matron Sister Rosemary Wixom. Their testimonies of a lifetime of Church service and their pioneer ancestry were inspirational.

Thank you to Tony Tidwell, National President Elect for planning and coordinating a marvelous day and for all those who participated.

We met with a representative of the Church Family History Library. There is an opportunity of the SUP Library becoming a Family Search "Affiliate Library and/or Discovery Center". This would greatly expand the use of our library facilities and give computer access to the same websites available at the Family History Library. Stay tuned for further developments.

A new SUP Chapter has been organized. "The Boulder Dam Chapter" with members from Boulder City and Las Vegas met in May. Their enthusiasm and spirit were felt as David Hinton, Southern Utah Area Vice President gave the Oath of Office to several chapter board officers. Clare Tobler will serve as the First Chapter President.

## 2018 NATIONAL SYMPOSIUM

Our 2018 National Symposium was a special treat this year drawing comments from several historians that they learned something new today. Jerry Houck spoke about A Living Church including the succession, church government, organization and attitudes in the LDS Church. Devan Jensen and Kenneth Alford spoke about the Utah War of 1857-1858. We had a bit of an unusual circumstance when one of our presenters, Bill Hartley, passed away a couple weeks before the presentation. His assistant Catherine Blake gave a presentation in his place about Transportation Changes in

the West, Howard Egan, the Central Route, Pony Express and the Stagecoach. And Alma Alford spoke about the church and government relations with the Reed Smoot Hearings. Then the Keynote Speakers were SLC Temple President Jack Wixom and his wife, former General Primary President and now SLC Temple Matron Rosemary Wixom. We had fewer attendees than in recent years, but this allowed for a very sweet spirit in the personal setting of a smaller gathering. This was such a wonderful experience we are already looking forward to next year's National Symposium!

## 2018 HEADQUARTERS CLEAN-UP DAY

Building Clean Up Day is always a fun time to roll up our sleeves and work side by side. This is also a very impactful way for our members and friends to help keep National Expenses down by filling needs that would otherwise need to be hired out. This goes a long way to helping us in our ongoing efforts to keep expenses down and keep the National Dues as low as possible.

Those who came to help on Saturday, or other times during the week due to schedule conflicts, were the following: Keith Van Rosendaal, John Elggren and his grandson Roundy, Tony Tidwell, John and Diane Smith, Jim and Joan Hurst and their grandson Dallin Despain, Paul

Bambrough, Guy Moore, and Gene Minor, along with our Office Staff Heather Davis, Linda Sorensen, and Pat Cook.

We were able to cut down the fallen tree limb from the neighbor's shed, clean and repair the rain gutters, sidewalk crack fill and repair, weeding on the entrance side of the parking lot, window washing inside and out, and we replaced all the highest light bulbs in the building with LEDs along with any others that had burned out.

It is always so nice to have our beloved SUP Headquarters Building looking her best when we invite the public in to our National Symposium the following weekend.

## NATIONAL ENCAMPMENT

Being amateurs, we left several key things off the registration form for our Encampment. Would you please email this to all your chapter members as soon as you can?

- In negotiating with the Utah Shakespeare Festival ticket office, we have been able to get a sweet deal for tickets for the Thursday evening performance September 20. Ordinarily, the Festival gives only a \$10.00 discount for groups such as ours. However, those who order their tickets before June 30 will get the Thursday evening tickets at half price (excluding the premiere seating). The code for this special price is **SUPHALFOFF**. Simply go to [www.bard.org](http://www.bard.org) and order whatever tickets you would like. For other performances besides the Thursday evening performance, you will still be able to get the \$10 discount from the afternoon of Thursday until the Saturday evening performance using the code SUP2018.

- Dinner for Friday evening will be at 5:30 so you can leisurely get to the evening program at the Heritage Theater (105 North 100 East) of the Cedar City Master Singers, In Jubilo, and the Red Hill Rangers (a local group much like the Sons of Pioneers).
- Dress for Thursday and Friday is casual. For Saturday's National Business Meeting, the spouse's meeting with Mary Ellen Edmunds, and the closing banquet featuring Kent Broadbent's presentation (Miracles of Joseph Smith and the Restoration: Coincidences or Divine Design?), please wear Sunday best.

**UPDATE:** *Because of lack of parking, all tours will leave from the Cedar West Stake Center (725 South 1100 West) instead of the Frontier Homestead State Park on North Main Street.*

## 2018 ELECTION

We are so excited to move forward in a historic new election process for the SUP 2019 National President-elect/2020 National President, in accordance with the National Bylaws voted into action in the autumn of 2017.

The National Executive Council collected nominees through the month of April, then the Nominating Committee held interviews and made a final selection of two Candidates. The members of the Nominating Committee include the following: John Elggren (Chair, Immediate Past National President), Keith Van Roosendaal (National 2018 President), Tom Alexander (Past National 2015 President), Bob Folkman (Past National 2014 President), Dil Strasser (Past National 2010 President), Grant Barton (Past National 2006 President), Bill Tanner (Pioneer Magazine Publisher), and David Smith (Salt Lake South Area Vice President).

We are happy to announce the two candidates for 2019 National President-elect/2020 National President are Wayne Hinton from Cedar City and Mark Bezzant from Pleasant Grove. These two gentlemen have risen to the top

with enthusiastic support from their local chapters. They are both talented, knowledgeable, and dedicated to serve the SUP for the next three years and beyond.

We will spend June and July getting to know them better through a campaign process, then in August a paper ballot will be sent to every Active SUP Member through the mail. Please contact us if you have had a recent address change.

All votes are due by September 1. The votes will be tallied by the National Office, then announced at the National Encampment in Cedar City during the Dinner Meeting on Saturday September 22.

The next few months are going to be an exciting time. Watch for more articles in the June, July and August Trail Markers, and come out to meet your candidates in person at the SUPer DUPER Day at This Is The Place Heritage Park on July 16. Then tell us what you think and send us your vote in August!

## LEGACY OF PIONEER VALUES

The SUP is a values driven Society based on our Pioneer Ancestors Legacy.

These values include:

- Courage in the face of adversity
- Unwavering commitment to a higher good
- Honoring covenants made with God and promises made to each other
- Readiness to sacrifice for the welfare of others
- Foresight to choose the promises of the future over the security of the now
- To be able at any moment to sacrifice what we are for what we could become

# 2019 PRESIDENT ELECT CANDIDATE WAYNE HINTON

I, Wayne Kendall Hinton, am honored to be nominated and selected as a candidate for president-elect of the National Society of the Sons of Utah Pioneers.

I was born on August 19, 1940 in St. George. In 1943 my father moved our family to Hurricane to be closer to his 110 acre farm on which we raised a variety of fruits, nuts, melons, hay and grain as well as livestock.

In high school I was F.F.A. President for two years and participated in legislative forum and oratory. I also played football, was co-captain of the basketball team, shortstop on the baseball team and set a region record in the high jump. Our baseball team won the 1956 Class B state championship, and I won a state championship in the high jump.

In the fall of 1958 I enrolled at Dixie College on an athletic scholarship. In 1960 I won the conference championship in the high jump. I was also a member of the X-club and graduated with an associate degree in 1960.

On April 30, 1960, I married my high school sweetheart, Carolyn Spendlove, in the St. George Temple. In the fall we moved to Logan where I enrolled at Utah State University on a track scholarship. At U.S.U. I became a member of the Phi Alpha Theta and placed 3rd. In the high jump in the old Skyline Conference.

After graduating with a B.S. In 1962, I entered graduate school on a research fellowship. In the summer of 1963 I completed an M.S. Degree with a thesis on the New Deal years in Utah. That year, as I studied with Leonard J. Arrington, I was able to published my first two articles in professional journals as a co-author to Dr. Arrington.

Upon completion of my masters degree, I taught at Cedar Junior High until 1966 when I entered Brigham Young University to begin a Ph.D. Program. After finishing my course work in 1968, I began teaching at Southern Utah State College, Now Southern Utah University. My dissertation, a biography of Mahonri M. Young, was finished in 1973. In 1976 I did a post-doctorate in environmental history at University of California, Davis. After 38 years teaching at S.U.U. I retired in 2006. In addition to teaching I served 18 years as Chair of the Social Science Department.

Besides being a life and sustaining member of the Sons of Utah Pioneers and serving as a chapter president and

as an A.V.P., I belong to several other professional organizations, and I have given papers at Mormon History Association conferences, Utah State Historical Society, Old Spanish Trails conference, Western History conference, a Sons of Utah Pioneers symposium, S.U.U. Distinguished Faculty Lecture and Juanita Books Lecture, among others. I have published numerous articles in at least five professional journals as well as chapters in books and encyclopedias., and four books, two of which won book awards. I have also been president of the Association of Utah Historians, vice-chair of the Board of Utah State History, on program and arrangement committees of Mormon History Association conferences, and national vice-president of the Old Spanish Trails Association

My service in the L.D.S. Church includes: Silver Beaver scouter, gospel doctrine teacher, Elder's quorum president, counselor in two bishoprics, bishop, twice a high counselor, stake young men's president, counselor in a stake presidency, stake president, three missions including serving as a counselor in the Singapore Mission presidency, ordinance worker in the St. George and Cedar City temples, high priest group leader, high priest instructor and I now serve as Elder's quorum secretary and temple preparation teacher.

My wife, Carolyn, and I have four children, nineteen grandchildren and twenty-one great grandchildren with more on the way. During the last month of our mission to the Church History Library, Carolyn was diagnosed with bone marrow cancer. She passed away on October 17, 2014. I miss her greatly.

# 2019 PRESIDENT ELECT CANDIDATE MARK BEZZANT

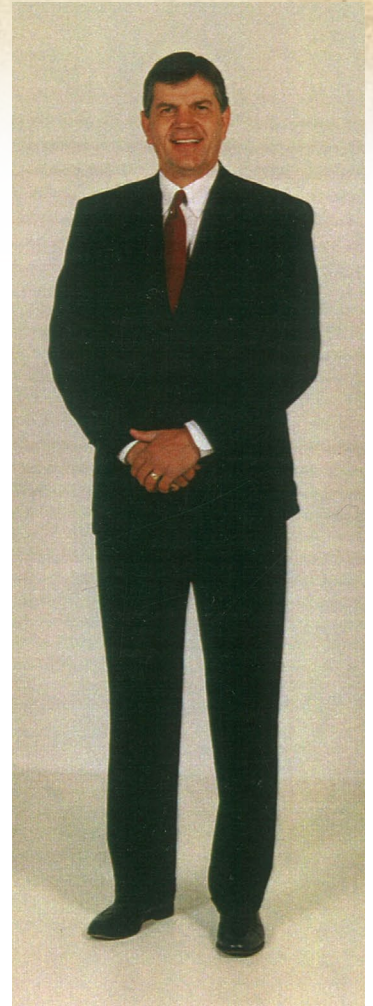

During the next few months an effort will be made to help members of the SUP get to know a little more about myself and wonderful Wayne. This is a first in a series of articles about us.

First let me say that I am humbled and honored to be nominated and selected as one worthy to hold office in this wonderful organization. There are many wonderful men who would be terrific presidents. A friend invited me to my first SUP meeting in the Timpanogos chapter. My wife and I had a nice dinner and the program was excellent. I decided to join. I thought it would be a nice evening out once a month. The next thing I knew I was nominated to be the chapter president and was selected.

When it was announced a new national president was being selected I thought of a number of men who would be awesome and suggested they be nominated. Among those was an SUP area Vice President, the former director of the Ezra Taft Benson Institute, one who had served as a general authority, another had been the executive of the largest Boy Scout Council in America, another had worked under four Presidents in the White House. My wonderful friends unanimously insisted I be the nominee and asked area Vice President Dan Adams to make the official nomination. The national SUP selection committee then interviewed the finalists and asked that I be one of those presented for consideration. Again, I was humbled and honored.

I come before the members of this great organization not seeking position, recognition, or power but rather the opportunity to serve and further the mission we are all dedicated to. I was trained at BYU in the servant leader model of leadership. Simply put that means that he that is greatest should be the servant of all. As you get more information you will see that I have had many leadership positions throughout my life. All have come because of my willingness to put service, community and others above self.

While researching for my doctoral dissertation on the history of education in Utah, I came across historians who felt Joseph Smith and Brigham Young were frauds and that the settling of Utah and surrounding regions was all about power and control. My research and life experience led me to believe just the opposite. What Joseph and Brigham did was nothing short of a modern miracle. You and your ancestors are a part of that miracle. Ours is the task of celebrating and defending their legacy and the legacy of those pioneers who followed them. That is a task I welcome and would be honored to serve with you as your president.

## CLARINDA HUETTA WINGET

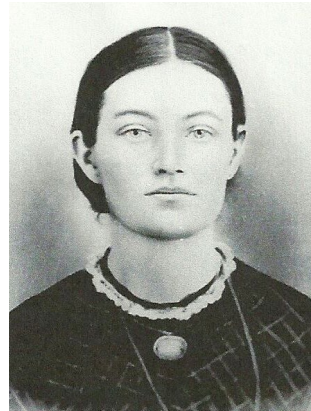

Huetta's father and his families had large orchards of fruit. This necessitated having a cannery. They had fields of sugar cane and made molasses from it. There were hives of bees, which supplied honey. Broom corn was grown and a broom machine turned out thousands of brooms. Hides were tanned and harnesses and shoes made. Then railroad ties were cut and tracks laid for the railroad. There was much work for everyone. When spring came, the Wingets would again go back to Monroe, and again plant crops. They always had many things to take back with them.

Later, when the Johnsons moved to Mesa, Arizona, these trips ended. At the time the older Johnsons went by train, the younger ones went by wagon. The ones going by wagon came by way of Monroe. They camped in the street, just west of the Winget home, and stayed for several days before continuing their journey. The street was almost filled with wagons and people. Everyone enjoyed this get-together, but there were sad goodbyes at parting.

Three more children were born to this couple in Monroe. There were named: Catherine Melissa, Zenia, and Benjamin Franklin.

Huetta's health was very poor. Before the birth of her first child she seldom had a sick day, but because of improper care then, she scarcely had a well one again. She was frail and thin, but ambitious. Somehow she managed to keep up with the washing, ironing, mending, cooking, and cleaning. She did beautiful embroidery as well as other fancy work. She raised silk worms on the large mulberry tree in the front yard and made silk from the cocoons - a long tedious process. She was very patient, kind, and loving. She also was very spiritual.

Typhoid fever was prevalent in those days. Three years after coming to Monroe, in 1875, their oldest child contracted it and died. In 1878, two of the girls took the dread disease and died also, just ten days apart. Preceding these deaths, Huetta was forewarned. Before the loss of the girls, she saw a personage by her bedside one night, holding a little girl

in its arms, dressed in white. Later when the Relief Society sisters brought one of the girls in, dressed for burial, the sister held her just as Huetta had seen before. Zenos always said that nothing of a serious nature ever happened that she did not know about it before it occurred.

Huetta often would gather her children around her knee and together they learned to pray, or gathered around her chair were taught the truths of the gospel. Her great desire was to have her children grow up to be good. She sometimes said, "If I only knew you children would grow up to be honorable, honest, righteous, and good, it would be most pleasing to me." Many times, Bishop Dennison L. Harris came to visit her and they would exchange stories. He also was spiritually inclined.

One evening in the little one-roomed home, after all were asleep but Huetta, she arose, lit the lamp and began turning the pages of the calendar. Her husband, being awakened asked, "Mother, what are you doing?"

Alphonzo, the second child, remembered hearing her answer, "I have just been told that in sixteen weeks, something will happen which will cast a gloom on this household. In counting it up, it will be the 22nd of June."

Zenos tried to persuade her that she was tired or had been dreaming, but in his heart he knew something would happen. About this time Huetta had been feeling much better than usual. On the tenth of June she sat writing a letter to her father in Mesa, AZ, telling him how much improved she was, when suddenly she took very ill. She called to Zenos to help her onto the bed. From that time on she grew weaker. On the 22nd of June, 1883, at the age of 36 years, her life ended with these parting words, "Goodbye, Zenos, I'll meet you 24 years from today."

She was always a devoted wife and mother and a true Latter-Day Saint. She was buried in the cemetery in Monroe. Her husband married Eliza Roxey Squire(s) in a couple of years and to them was born six children. Zenos died the 22nd of June, 1907, just exactly 24 years after Huetta's death.

## BOX ELDER CHAPTER - Brigham City, Utah

"What happened in the back booths of the Idle Isle Café through the years" was the question asked in an original one act play put on for the members of the Box Elder Chapter of the Sons of the Utah Pioneers and their spouses during their April meeting. Linda Linford, the writer and director of the play, was given a grant to do three historical plays about some of the oldest restaurants in the state of Utah. She wrote a drama on the Bluebird Café in Logan, a comedy on Lambs café (no longer in service) in Salt Lake, and a documentary on The Idle Isle café in Brigham City.

Linda approached the Sons of the Utah Pioneers in our city to see if we would be interested in hosting the dress rehearsal for the play. It was a delightful evening. Women who played the parts of waitresses through the years at the café were Kay Peterson, Tracy Norton, Samantha Anderson Merkle, Maribeth Evensen Hengge and Annette MacFarlane. Some of the waitresses were dressed in original uniforms that Travis Porter, the current owner of the Idle

Isle, found in boxes in the basement of the restaurant. The set of the play was done "in the round" for this SUP Production and was set off by tables and dishes from the different eras spotlighted in the Documentary.

Some questions asked in the booths of the Idle Isle were voiced by federal people who came to town at the close of the Bushnell Hospital after World War Two. Some other federal guests at the café were talking about making the facilities at Bushnell Hospital into an Indian School. Golden Spike site visitors, people talking about locating Thiokol in Brigham City, and even the Brigham City Cooperative was mentioned in the play, as a point of reference. Waitresses set out dishes of the era on tables assigned for their part of the production and the dialogue was full of nostalgia and memories relating to the Idle Isle and Brigham City.

Sometime in May 2018 the Documentary will be given at the Idle Isle Café for guests there. I am sure they will enjoy the evening as much as the SUP did.

**SCHOLARSHIP AWARDS:** At the Wednesday, May 9, 2018 meeting of the Box Elder Chapter of the Sons of Utah Pioneers, three "Tomorrow's Pioneer" scholarships were awarded. Michael Cardon, scholarship chairman, announced that three recipients were chosen from five applicants. The scholarships were in the amount of \$1,000.00 each. The recipients were Shayanne

Miller, a student at Bear River High School; and Alisha Ipsen and Savannah Taylor, both students at Box Elder High School. Miss Miller and Miss Ipsen will attend Utah State University this fall and Miss Taylor will be attending Utah Valley University. All three students consistently kept good grades throughout their high school careers and were very active in extracurricular activities.

## CENTERVILLE CHAPTER - Centerville, Utah

Our Centerville chapter speaker for May was Duane S. Crowther. Brother Crowther received an MA degree in Old and New Testament and taught seminary before pursuing a Ph.D. degree at Utah State University and the University of Utah. His master's thesis with the title Prophecy: Key to the Future, was published by Bookcraft along with other books including: The Prophecies of Joseph Smith, Gifts of the Spirit, Prophets & Prophecies of the Old Testament, and Life Everlasting: A Definitive Study of Life After Death. He has continued his career as an author and has written 56 books, 35 CDs, and 19 E-books. He and his wife Jean also founded and owned Horizon Publisher & Distributors, Inc. Brother Crowther and his wife Jean have served three full time missions and he was a member of the Temple Presidency in the Asuncion Paraguay Temple.

Brother Crowther spoke to our chapter regarding life after death. He listed eight Presidents of the Church

ending with David O. McKay who had after life experiences beyond the veil during the first century. He quoted from their experiences which included Brigham Young talking about spirits observing the saints as they attended meetings.

Wilford Woodruff fought evil spirits in London by praying for heavenly messengers who came and rebuked the evil spirits. There were many other examples that Brother Crowther gave from presidents writings including writings from Lorenzo Snow and Joseph F. Smith.

Duane S. Crowther

## TEMPLE FORK CHAPTER - Logan, Utah

In our April meeting held April 19, the Sons of the Utah Pioneers' Modern Pioneer Award for the Temple Fork Chapter went to a long-time member of the chapter, Dr. Gary H. Richardson. Dr. Richardson has developed a distinguished career as a Professor of Food Microbiology at Utah State University. He has been recognized throughout the world for his research work in Dairy Science. He evaluated the first infrared milk analyzers, developed instruments to quantify lyplytic activity,

to detect abnormal mold, and to quantify microbial and enzymatic activity. He holds several patents and has lectured, consulted with, and advised cheese producers throughout the world. He was recognized by peers by being elected President of the American Dairy Science Association. Utah State University has recognized him by naming their ice cream store after him. He also contributes to the community through his interest and ability in music.

## COTTON MISSION CHAPTER - St George, Utah

*Brent Heaton*

Scott Gubler, Brent Heaton, and Marty Heaton dressed in robes and headwraps to give a fascinating slide presentation on the modern-day search for Nephi's Bountiful. Privately funded, the search has brought interested laymen together with skilled archeologists for several visits to Khor Kharfot in Oman, a location they believe is the best candidate for Nephi's Bountiful.

Each told of their experiences as they helped with "the dig," made friends with people from other cultures, and even shared the Gospel. Proving that it was truly a land of "milk and honey" one of the guides even climbed a tree and brought down honey from a huge bee hive. Each speaker shared his own testimony of the Book of Mormon and testified that regardless of their findings, their belief in the Gospel is based on faith, not evidence. What a fun evening!

## HOLLADAY CHAPTER - Holladay, Utah

May is recognition month in the Holladay chapter as we recognize, first, our mothers and all women who have touched our lives.

Second, we recognize fifth grade students who study Utah history by sponsoring an essay contest where each competing student submits an essay on a pioneer (usually a progenitor). The essays have proved to be so good that this year we awarded each of the 39 students that submitted an essay a First-Place Certificate and a check for \$ 25. These awards are presented at an assembly at the Driggs Elementary School in Holladay.

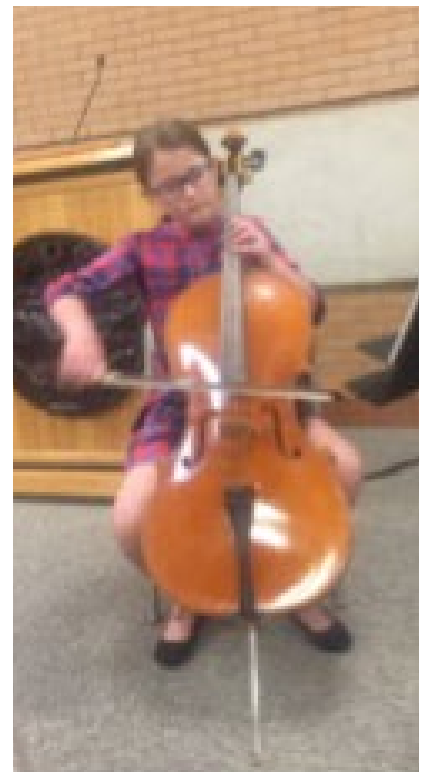

Third, we recognize one high school senior with a scholarship award to assist with attending the University of his/her choice. This year's winner was Isaac Gibson, son of Alan and Lorene Gibson,

faithful members of our chapter.

The evening was concluded by a musical tribute to mothers provided by nine-year-old Dalloway Smith on the cello and her father, Elliott, on the piano. It was clear that Dalloway is a gifted musician with the touch of a bow seldom seen in a child of her age and her dad touches the piano keys like he did this for a living. The beautiful music was the perfect conclusion to this special evening.

**MAY'S EVENT:** We met at the Legion Hall for a wonderful dinner, and an eventful evening. A video advertising the National Encampment in Cedar City this September was presented, and an announcement about the Trek to Panguitch and the Quilt Walk commemoration, on the 8th of June, was given by Dan Zaleski, encouraging everyone who can to register for that Friday's events. We will not be going as a group, but meeting everyone there.

Tom Hirschi then introduced our high school scholarship winners. We had three this year, each with a \$1,000. Our winners were, Dalley Spendlove from Virgin, Larson Beatty, and Heather Stout from Hurricane. Their essays were exceptional, and will soon be found in the Heritage Museum for all to view.

President David Hirschi was our speaker for the evening, and he, in a very entertaining and gifted way, walked us through the life of President Russell M. Nelson. From child

to gifted student. Russell would have graduated from high school at age 15, but was held back by his father who thought he wasn't big enough size wise, and made him wait until he was 16 to graduate. He got his various degrees in a relatively short period of time, served in the military, went on to become a world renowned heart surgeon, (performing surgery on Spencer W. Kimball) and then became a General Church Leader. The evening was lively, and full of fun. Thank you President Hirschi for your insightful and entertaining presentation!

**JUNE'S ACTIVITIES:** June 8th, a trek to Panguitch to celebrate their Quilt Walk Celebration. Everyone will be on their own. We look forward to seeing many of you there. June 21st will be our traditional Pot-luck dinner at the American Legion Hall. Gerry Buckner, a past president, will be presenting the conversion story of Kimberly Jo Smith, the Great Granddaughter of Joseph Smith Jr.

## JORDAN RIVER TEMPLE CHAPTER - West Jordan, Utah

This evening in May, our Jordan River Temple Chapter celebrated the opportunity to award two College or University scholarships and three pioneer essays awards. What a perfect evening to be inspired by the youth that serve and live in our communities. Kamrie Sherratt and Madison Ellsworth are the winners of our scholarships. Kamrie is a senior graduating from Herriman High School. She plans on continuing her education this fall. Her parents, Rob and Camille Sherratt accompanied her this evening to our chapter meeting. Madison Ellsworth is a senior graduating from Riverton High School. She plans on continuing her education this fall at Brigham Young University. ## MESA CHAPTER - Mesa, Arizona

On Tuesday, May 10 the Mesa chapter held its monthly gathering and dinner meeting. An interesting program followed a very good controlled potluck dinner. Tom Wright, who has a rich baritone voice, entertained us with a couple of his renditions out of our hymn book. Tom was accompanied on the piano by a member of our chapter board Ronald Sirrine. At our gatherings a member of our chapter or his wife is asked to give an approximate 5 to 6 minute bio of his life. Our treasurer Rick Heywood gave us a humorous report on his life. At the beginning he stated how can you fit a person's life in five minutes? He did fairly well only speaking about 12 minutes.

The main speaker of the evening was Earl Taylor Jr. Brother Taylor is the founder and chief administrator of Heritage Academy, which has campuses in three locations in the Valley of the Sun. The presentation he presented to us had to do with the Constitution of the United States of America. In this presentation, he did a little role-playing using one of our younger members as a student asking questions of Thomas Jefferson. Taylor took the part of Jefferson.

He also stated that every other year, he takes 50 of his junior and senior students to Washington DC. At the Jefferson

Memorial, he dresses up as Thomas Jefferson and takes the same type of questions from his students. He spoke about how this great nation was necessary for the restoration of the gospel. He spoke especially of Joseph Smith, Brigham Young, David O McKay, and Ezra Taft Benson, who all had great faith in this Constitution. Our membership was greatly impressed with this presentation.

*Earl Taylor Jr.*

As a bonus brother Taylor distributed pocket-size booklets containing the Constitution and the Declaration of Independence to everyone present.

Several years ago we used to meet in the Mesa Heritage Academy. We were forced to leave that building due to the difficulty of many of our members not being able to climb stairs. All of our meetings are now held in the LDS chapel one half a block away.

## MORGAN CHAPTER - Morgan, Utah

Members of the Morgan Chapter of the Sons of Utah Pioneers gathered on Monday, May 21, 2018 for their monthly luncheon meeting at Larry's Spring Chicken Inn. After a short business meeting and a tasty lunch, this years scholarship winners were announced. Each year the Morgan Chapter provides two scholarships to Morgan High School seniors. The Chapter works closely with officials from the High School Scholarship Committee to identify the recipients. Money is raised through fund raising efforts as well as contributions to the scholarship fund. This years recipients

*Kale Bigler & Cameron Winn*

were Cameron Winn, receiving a scholarship of \$1000, and Kale Bigler receiving a scholarship for \$1700. Each student expressed gratitude and thanked the Sons of Utah Pioneers for being invested in their future.

*Scott Hadley*

The guest speaker for the luncheon was Scott W. Hadley, a member of the Ogden Utah Temple Presidency of the Church of Jesus Christ of Latter-Day Saints. Hadley was born in Ogden, Utah and live all but 15 years in West Weber, where he

and his wife Carol currently reside. The Hadley's have six children and eighteen grandchildren. He attended school in Weber County, graduating from Weber High School in 1964. He served a two-year mission in the Brazil South Mission from 1965 to 1967. He graduated twice from Brigham Young University with a Bachelor's degree in Speech Pathology and Audiology, and a Master's degree in Organizational Communication. He retired from teaching in the Seminary and Institute system in 2008. He has served twice as a bishop, a stake president, President of the Brasilia Brazil Mission from 1997 to 2000, as second counselor in the Recife Brazil Temple, and as first counselor in the Ogden Utah Temple Presidency.

Hadley shared many interesting things about the Ogden Temple. The Ogden Temple was dedicated January 18, 1972.

It continued to function from that time until 2011, almost 40 years, serving 76 stakes. It was one of the busiest temples in the Church. Ogden was the fourteenth temple in the Church, and the first temple dedicated in the state of Utah, the four previous temples being dedicated in the territory of Utah. Construction of the new renovated temple started in March 2011. It was rededicated September 21, 2014, having taken over 42 months to renovate. The new temple serves 63 stakes. Temple sessions run from 7:00 am, every half hour, until 8:00 pm, Tuesday through Saturday, with a 6:00 am session every Wednesday. The Baptistry opens at 5:15 am, Tuesday through Friday, where there are usually lines of youth waiting to come in. There are also Spanish sessions every Friday and fourth Saturdays at 7:00 am, a Samoan session the first and third Saturdays at 7:00 am, and an ASL session each third Thursday at 7:00 am.

In 2017 the combined efforts of 563 volunteers clocked 97,433 of donated hours of service. Regular volunteers that are currently serving include 61 in the Baptistry, 135 in the cafeteria, 24 serving as ground keepers, 25 in housekeeping, 150 in the laundry, 146 serving in the office, 104 as organists, 14 as engineers, and 22 in the youth center, for a total of 681 volunteers. There are also 572 male, 819 sister temple workers, 76 sealers and 74 full time employees. It takes about 2,222 people to keep the temple operating.

Hadley shared other interesting facts also: Each year approximately 60,000 flowers are planted, 533 red lead pencils used, 218,000 post-it notes used, 2,880 sweet roles baked in the cafeteria, and approximately 470,056 lbs. of laundry washed.

President Hadley talked about the sacredness of the temple to Latter-Day Saints. He referenced a talk by President Nelson in which he said "All of our efforts to proclaim the Gospel, perfect the saints, and redeem the dead lead to the Holy Temple." President Nelson stressed this again as he recently visited the saints throughout the world and has stressed the importance of temples in strengthening marriages and families. He encouraged members to identify those things they can set aside to spend more time in the Temple.

President Hadley shared two special experiences to members attending the temple and shared his testimony of temple work and the sacred work done there.

## MT NEBO CHAPTER - Payson, Utah

The Mt. Nebo chapter of the Sons of Utah Pioneers recently took a trek to Cove Fort & Filmore. The weather was pleasantly warm with some wind that is ever-present in that area. Our guide was very knowledgeable and gave us a

*Cove Fort*

complete tour of the historic fort. We were fascinated with the thick walls and the tiny rifle portals. Some of us were able to see for the first time what an oxshoe looked like.

After touring the fort, we headed for the first State Capitol in Filmore. It was only partially built (25%) because government funding got locked up. In addition to lots of early artifacts, they also had a ton of ancestral pictures. Some of us even found pictures of our own ancestors while there.

The trek was informative and very enjoyable. The association with one another was also uplifting in this casual setting.

The Mt. Nebo Chapter has a monthly meeting on the 4th Thursday of every month at 6:30 PM. The members and their spouses enjoy a great catered meal and a guest speaker.

## PIONEER HERITAGE / CANYON RIM CHAPTER - Salt Lake City, Utah

May's speaker was Robert C. Hyde, attorney with Kirton McConkie. Most of his legal work involves the Church. He is General Counsel to Desert Management Corp, the company that holds the for-profit business of the Church such as KSL, Bonneville International, Deseret Book, Deseret News and others. He and his wife Cindy have six children and 17 grandchildren. His 16 great, great grandparents were all pioneers originating in Great Britain. They include John Taylor and Orson Hyde.

Val Parrish, President of the Pioneer Chapter, invites you to the chapter's June 9, 6:30 p.m., (National SUP Headquarters, 3301 E. Louise Ave. (2920 South), Salt Lake City, Summer Social, featuring a catered dinner and the amazing music of Sun Shade'n Rain. Cost is \$20 per attendee and dress is nice casual.

Formed in 1971, SunShade 'n Rain, began performing in the intermountain area. Performers Gary Romer, Mel Teeples and Jeff Gregerson provide a unique mix of music

and entertainment. Now veteran entertainers, SunShade 'n Rain, have headlined Harrah's Club, Fitzgerald's, Cactus Pete's, Disneyland, Knott's Berry Farm, Hershey Park and the Grand Ole Opry. They have toured the world and have many TV appearances including ABC's Good Morning America and the March of Dimes Telethon

## SALT LAKE CITY CHAPTER - Salt Lake City, Utah

*Bill Tanner*

At our May meeting William W Tanner, DDS spoke about the The Pioneer Magazine

Bill is currently serving as the Publisher of the Pioneer Magazine following four years on the Editorial Advisory Board. He has served as an Area Vice President of the Sons of Utah Pioneers and President of Salt Lake City Chapter of the SUP.

The Pioneer Magazine has been around since 1936, is the Premier Flagship publication of The Sons of Utah Pioneers, is distributed to over 1,600 recipients each quarter, is read and very much appreciated by all of the General Authorities of The Church of Jesus Christ of Latter-day Saints, along with all SUP members and other subscribers who receive it each quarter of the year.

We invited Dr. Tanner to share with us some of the "behind the scenes" effort needed to publish the magazine, which has become and truly earned a reputation for being a superb publication. He related how his wife, Elizabeth, had cautioned him to not just share a bunch of "dry" facts, but tell stories. He did both.

We learned how the U. S. Postal Service can block its mailing because it doesn't qualify under the Mailing Permit used by the SUP for decades, but if mailed as a supplement to a newspaper, it does qualify, hence when the 3 quarters combined issue about "The Heavens Are Opened" Exhibit at the Church History Museum came out, there was a "small" newspaper from the Tooele Transcript Bulletin included.

Or concerns about Intellectual Property came about when the Issue on the Tabernacle Choir was published, so the complimentary copies to the members of the Choir were handed to them on a public sidewalk because they could not be distributed on Church Property.

He spoke about the Mormon Battalion issue, the Mormon Colonies in Mexico, Davis County, and Liberty Jail, to mention a few of the issues. There could be an endless list mentioned here.

A contact with Elder Steven E. Snow, General Authority

Seventy, currently Church Historian and Recorder and Executive Director of the Church History Department, said that there is a room in a basement full of artwork, and the possibility of doing an issue on Original Artwork that is being gathered and how it played a role in the unfolding history of the church.

It takes six months to a year for an Issue to be developed. A theme or subject is identified, then they need various people to be identified and asked to write an article, gather the photos, get it into the hands of those who do the layout, the illustrations, and put it into the hands of the printer.

Of course there are many tasks involved, hence the Editorial Advisory Board: Susan Lofgren, John Ellgren, Jim Hurst, Tom Alexander, Bob Folkman, Frank Madsen, Charles Graves, Kent Lott, and Keith Lawrence. Bill gave us the background and experience of each of these members, their duties on the Board, and made us appreciate how very talented they are and how valuable their contributions to the Magazine.

As we experience the Pioneer Magazine each quarter, we do express our appreciation by paying for it, but more importantly we acknowledge the dedication and contribution of the Editorial Advisory Board, all those who volunteer and contribute articles, photos, art work, and a myriad of other items resulting in the final product. Again, a heartfelt thank you to Dr. Tanner and to all those who produce this magazine.

Each year John Morgan and his Scholarship Committee sponsor a banquet for all of the Scholarship recipients and their parents, or 1 or 2 guests. They give somewhere of 175 scholarships for \$1,000 each! The evening is dinner, honoring the students, and some speakers.

*John Morgan*

The members of the Salt Lake City Chapter are invited to attend, with their partner, dinner free. We realize that this year there are conflicting events, but if you are interested, please attend. If you go, consider going a little early (5:15 p.m.) and help David Smith with the check-in of the students.

## SETTLEMENT CHAPTER - Tooele, Utah

*Jerry and Marilyn Henson*

Unlike the Native American story called the "Trail of Tears", a similar story about an oppressed people being driven from their homes is called the "Trail of Hope." Leaving everything in the hand of the Lord, the Latter Day-Saints (more commonly known as Mormons) were driven from their homes, city and temple to the west, having the choice of crossing the then frozen Mississippi River in February or stay and be burned out by their not so happy neighbors. The Hensons had some small miracles happen to them to make it possible to fulfill the prophets mandate to walk the same "Trail of Hope" from the newly dedicated Nauvoo Temple to the Mississippi River, and read the stories on cards along the way that tell what happened to the real pioneers who did so under the most dreadful conditions over 180 years before.

The Hensons wove their sometimes tearful, but most of the time hopeful experiences and miracles that helped them come to a better understanding of what their God had asked his people to do. They recommended that everyone take the opportunity to do the same as they had.

On the day she was forced from her home Bathsheba W. Smith said, "My last act in that precious spot was to tidy the rooms, sweep up the floor, and set the broom in its accustomed place behind the door. Then with emotions in my heart. . . I gently closed the door and faced an unknown future, faced it with faith in God"

Many of the Saints had a full covered wagon;, some just a sheet for their wagon covering, and others only had a tent and some little food for the journey. B. H. Roberts tells of the attempts to keep everyone's hopes alive, "With this advanced camp of the great exodus, there had come a brass band, led by Captain Pitt. After encampment was made and the toils of the

day we over, the snow would be scraped, a huge fire or several of them kindled within the wagoned enclosure and there to the inspiring music of Pitt's Band, song and dance often beguiled the exiles into forgetfulness of their trials and discomforts."

Although the temple only operated for 6 months, Jerry Henson felt that it was the ordinances performed in that 6 months in the Nauvoo Temple which enabled the pioneers to face what they needed to. A quote by Newel Knight probably captures the hearts of those braving the sub-zero temperatures to cross into Iowa. "Here we all halted and took a farewell view of our delightful city . . . We also beheld the magnificent Temple rearing its lofty tower toward the heavens. . . My heart did swell within me."

For their obedience to the modern prophet to walk the Trail of Hope, the Hensons were also reward with several experiences that had to do with their own family history. In a almost never used Family History Center in Bloomington Indiana, the Hensons were able find an ancestor of Jerry's who they had sought information about for 18 years. They were also taken to the very cemetery and headstone the next day. This is just one example of small modern day miracles that feel so magnificent and also cause hearts to swell within us today.

Lastly as guidance to all that were in attendance is this quote from President Thomas S. Monson. "Let us not only remember the past and its required sacrifice; let us also remember that we are responsible to build a legacy for the generations which follow us."

The Settlement Canyon Chapter of the Sons of Utah Pioneers meets the first Thursday of each month to share a pot-luck meal and to hear such heartfelt presentations as this was. On Thursday June 7th at 6:30 pm, join us at the LDS building on the corner of 2nd South and 2nd West. Our presenter for that evening will be Rhett James, a former Institute of Religion Instructor. His topic will be Chief Washakie and his experiences with Brigham Young.

## SEVIER VALLEY CHAPTER - Richfield, Utah Area

April Chapter Meeting was the 4th Grade Essay winners reading their ancestor's histories written by the 4th graders. This is always a special evening as we promote the interest of our young people getting involved in Pioneer History. It is so great to see the excitement these young people have for the history of their progenitors. Thanks to the leadership of Jerry Hawley we had a great number of the 4th graders at 3 of the elementary schools in our area participate in this contest and I know each of them gained a greater appreciation for who they are and where they came from. Meal was pizza and salad which was great, think the young and old all enjoyed the meal choice. The program was a great opportunity for us to see the excitement of these young folks discovering their heritage.

#### WINNING ESSAY BY PAISLEE MAE LLOYD

My name is Paislee, but to my Great Grandpa Wheeler I am "Nah'ghizi", which means pumpkin in the Navajo language. He named me that because I had a round face and looked like a pumpkin when I was a baby. My Great Grandpa, Clarence E. Wheeler, was born on October 11, 1927 in Red Mesa, Colorado. He always joked that the bottoms of his feet were stained red from the rusty colored dirt there.

When Clarence was young his parents got divorced because his dad was an alcoholic. He said that it was very sad for him, he was torn between his parents. One night, his dad secretly moved him to New Mexico. He worked on a hog ranch in New Mexico all through high school. He loved to play football. His favorite story to tell was the time his football pants fell down after he made a touchdown. High school is where he met his future wife Celia McGee.

His grandparents ran a trading post on an Indian Reservation. He decided to carry on the tradition of his ancestors. He started his trading post career at Smith Lake Trading Post in New Mexico. From there he moved to Polacca, Arizona to manage the Polacca Trading Post.

Polacca is located on the Hopi-Tewa Reservation. The Hopi people are very protective of their language and traditions, but they taught my Great Grandpa Wheeler their ways. He learned the language so fast that the Hopis called him a "parrot" because he mimicked everything they said. He said he was the only white man to be allowed into the Hopi kivas and participate in their rituals there. The Hopi's named him "Chis Chilly Yazzie", which means curly hair.

After he left Polacca, he ran another trading post in Lukachukai, Arizona. It was called Greasewood. He eventually left there, and moved to Round Rock, Arizona. He retired after he left this trading post. He claimed that he was the best Indian woven rug dealer in the United States. He loved and served the Navajo and Hopi people for most of his life. He said he is the only white man to be fluent in Hopi, Navajo and Tawah. He took pride in running his trading posts and enjoyed every minute of it. He was proud of his Hopi and Navajo connection and took joy in being able to share his values and religion with the native people.

While running the trading posts with his wife Celia, they had 6 kids. He passed away on July 14, 2012. Because of his faith in God and devotion to his family, his one hope was that his posterity will be together beyond this life. I am proud to be his great granddaughter and proud of my Navajo name.

## TIMPANOGOS CHAPTER - American Fork, Utah

*Frederick and Elizabeth Cook*

Stephenson, From Lone Peak High School - Alison Langford and Sierra Tolman, From Pleasant Grove High School - Jackson LeMone.

The speakers were Frederick W. and Elizabeth F. Crook speaking on "The China Dream -- and What It Means to the United States". Brother and Sister Crook's presentation dealt with five major areas. The first was describing China as a major world power. It is the world's second largest economy and soon to be first. There are 1.3 billion people in China. It has a large land mass and many natural resources. The Yuan currency is now a major world currency. China's reserves are \$3.7 trillion as compared to Japan at \$1.26 trillion and the United States at 0.434 trillion. China is aggressive in obtaining new resources.

A second point is to understand China's National Dreams of becoming a major controlling world power.

A third point is to inculcate China's values into its citizens through various poster campaigns.

A fourth area of discussion dealt with China's domestic politics. Some of China's long term goals for 2025 and 2050 are: electronic cars, artificial intelligence, robots and automation in industrial production, computer chips, cutting edge technologies, \$45 billion in cheap loans to accomplish

goals, China's firms to purchase foreign firms to obtain their technology, etc. There are issues facing China's leaders, such as: water deficits (LA type water shortages), declining population growth rates, environmental issues, food production capacity and limits, slowing economic growth rate, income inequality, Poverty alleviation, corruption, wage rates rising and lack of some vital natural resources such as oil, iron, copper and timber.

The fifth area of discussion was what the China Dream means for the United States of America. There is currently competition between China and the USA in areas of Finance, Trade, International Organizations and Media Campaigns. There are some grey zone operations in Hybrid warfare - the use of military, economic, diplomatic, intelligence's and criminal means to achieve a political goal. Also the South China Sea and preparations to take control of Taiwan. Further, China is modernizing its military, building a naval force with aircraft carriers, upgrading its air power and developing military bases around the world. An example of a Chinese view of competition and warfare was given quoting Sun Zi who wrote "The Art of Warfare" Sun Zi Bing Fa in 600 BC, which stated, "If ignorant both of your enemy and yourself, you are certain to be in peril". With all the above being said, Brother and Sister Crook also told of how leaders of The Church of Jesus Christ of Latter-day saints and the work being done through humanitarian efforts, is being well received in China.

## LEGACY SOCIETY

The National Board, at their final meeting of the year on December 13, 2016, gave final approval by unanimous vote for the creation of the Sons of Utah Pioneers Legacy Society. The Legacy Society of the SUP is a planned giving recognition Society for members and friends who intend to make a bequest from their estate, trust or will to the Sons of Utah Pioneers. Upon the donor's passing and fulfillment of the bequest the SUP agrees to use it according to the wishes of the donor or as needed by the SUP. By creation of the Legacy Society the SUP provides the process by which such bequests can be made. The form defining this new option is provided here for your information and consideration.

#### *Benefitting The National Society of the Sons of Utah Pioneers*

\_\_\_\_\_  
Name \_\_\_\_\_, Donor

Address \_\_\_\_\_  
\_\_\_\_\_  
\_\_\_\_\_

This form confirms my expressed intent to make a bequest from my estate to augment *The Legacy Fund* for The National Society of the Sons of Utah Pioneers. I recognize that by signing this statement of pledged bequest I have qualified to be a member in the *Sons of Utah Pioneers Legacy Society*, which is the planned giving recognition Society of the Sons of Utah Pioneers. The following are the specific terms of my bequest arrangement as they stand to date:

\_\_\_\_\_ (Donor) Bequest Commitment: \$ \_\_\_\_\_ ( approximate value)

or \_\_\_\_\_ % of his estate

- Upon fulfillment of the bequest, the Sons of Utah Pioneers agrees to utilize the gift to augment *The Legacy Fund* for the National Society of the Sons of Utah Pioneers.
- The SUP agrees to use the Legacy Fund in facility maintenance and improvement, student scholarships, monument construction and maintenance, publications, or other SUP approved projects and programs.

#### LEGACY FUND ENDOWMENTS

Should the bequest be made at or above the minimum endowment level of \$25,000 the donor may choose to establish The (Name) \_\_\_\_\_ SUP Legacy Endowment.

**LEGACY SOCIETY CONTINUED...**

- In support of the SUP's greatest needs the SUP agrees to make annual distributions either from the interest generated from the endowment or until the fund is exhausted.
- The SUP agrees to use the name of this endowment when reasonably possible in facility maintenance or improvement, student scholarships, monument construction and maintenance, publications or other SUP approved projects or programs.
- Good faith effort will be made to clear any press releases with each other (Donor and SUP) prior to any such media releases.
- The SUP is hereby authorized to comingle this gift, and any additions thereto, with the consolidated Investment funds of the SUP, provided that this fund be credited with its pro-rata share of net investment income in the same manner as other consolidated funds are credited with income.
- Should inadequate investment returns from the endowment fund necessitate invasion of the corpus of the fund, the SUP reserves the right to do so.
- If, as a result of changed conditions in the future, the income from this endowment shall not be needed for the purposes set forth above, then the SUP is authorized to use the endowment for such purposes as similar as possible to the original intent and which will serve to honor, in an appropriate way, the generosity of the donor.
- Should any of the above be violated by either party, or should it be mutually deemed appropriate, the name of the endowment fund may be changed.

**JOIINT UNDERSTANDING**

While it is the SUP expectations and the donor's intention that this pledged bequest be fulfilled, should unforeseen circumstances require cancellation or modification of these terms, the donor may do so in writing to the National Society of the Sons of Utah Pioneers.

## ***Do Something Monumental!***

Universities and non-profits across the country develop a sound financial footing through the generous donations of their friends. One of the most special ways to do something monumental is through the gift of life insurance. Extra, unneeded life insurance can be donated. Alternatively, a new policy can be started, allowing a person to make a modest monthly donation to pay the premium and, in return, getting themselves a charitable deduction while insuring the Sons of Utah Pioneers of a generous donation that was multiplied many times.

Life insurance donations are just one way to do something monumental. Below, is a larger list. Let us know which you would like to learn about. Please consider each of these ways:

- Life insurance donations (existing)
- Annuity donations (new or existing)
- Charitable Gift Annuities
- Donations of appreciated stock or other assets
- IRA donations
- Something else you would like to consider: \_\_\_\_\_

To find out how you can do something monumental, please return this form to SUP headquarters, or contact our charitable giving specialist, Steve Kruman, at (800) 992-2778 or (435) 463-2778.
